

Offering employment, careers and business opportunities in the Energy industry for members of Aboriginal communities

Zedi has partnered with Northern Lights College, Treaty 8 Tribal Association, NENAS and key Industry participants to create an integrated approach to sourcing and placing qualified members in gainful and meaningful positions. Zedi's unique approach to aboriginal talent development and

strategic industry partner engagement, delivered through a world class institute, are the keys' to making this program successful.

We are currently sourcing and screening qualified candidates interested in the 'Oil and Gas Field Operations' 18 week program with Northern Lights College.

Strong relationships are built on respect, trust and transparency

Show your commitment to developing and employing the skills required for success in the oil & gas industry and apply today. Zedi will assist with job placement for Aboriginal students who have successfully completed this training program.

Contact: NENAS – Margaret Manley at: mmanley@nenas.org

Who is Zedi?

With over 250 operators, Zedi is well positioned to assist with job placement in the oil and gas industry for Aboriginal students who have successfully completed the training program. Identifying and nurturing individuals that show commitment to developing and employing the skills required will enhance their success in the oil & gas industry.

Our unique approach for mentorship and providing support to the aboriginal members of our team ensures for maximum success while fostering long-term relationships.

In addition to our ongoing training support and placement program, each year Zedi sponsors and presents awards to deserving students at Northern Lights College (Fort St John, Chetwynd and Dawson Creek campus') to assist the next generation of industry professionals and those in our Aboriginal community.
